MEMORANDUM OF AGREEMENT made and entered into this _____ day of October, 1950, between the UNITED STATES OF AMERICA (hereinafter referred to as "the Government"), represented by the Contracting Officer executing this Agreement and [redacted] (hereinafter referred to as the "Associates").

WHEREAS, The Government desires that the Associates prepare a study in connection with a Government research project; and

WHEREAS, The Associates are willing to prepare and sell to the Government such study on the basis hereinafter specified;

NOW, THEREFORE, THE PARTIES HERETO AGREE AS FOLLOWS:

ARTICLE I. Performance. The Associates shall, with the utmost dispatch, prepare and furnish to the Government a complete study in connection with a Government research project. The subject and nature of this study shall be outlined to the Associates by a designated Project Officer in a separate directive which is incorporated herein by reference and is made a part hereof in the same manner as if fully set forth. The Associates shall report the progress of said study from time to time as requested by the Project Officer.

ARTICLE II. Delivery. The Associates shall deliver said study to the Government in accordance with the instructions of the Project Officer on or before 1 March 1951. The Government stresses the fact that time is of the essence in this agreement.

ARTICLE III. Payment. The Government shall make payment to the Associates upon the submission of appropriate vouchers supplied by the Government and approved by the Contracting Officer for said study in the amount of \$8,500.00. A partial or advance payment may be made to the Associates upon their application for work performed hereunder in amounts approved by the Contracting Officer or his authorized representative. It is understood and agreed that final payment hereunder shall not be made unless and until the Associates have delivered a complete study to the Government which is approved and accepted by the Contracting Officer or the Project Officer. It is acknowledged that the Government shall have the right to require that the final study shall be in such form and detail as it shall prescribe. The Associates agree that the sum specified in this paragraph for the purchase of said study includes any and all expenses for professional services, travel, supplies or equipment incurred by the Associates. In this connection the Government agrees to make available to the Associates the files and reference material, and the clerical and advisory services of such employees as shall be deemed necessary by the Government for the furtherance of said study, at no expense to the Associates.

ARTICLE IV. Supplementary Documents. All drafts, notes, drawings, surveys, bibliographies, and other technical data or documents prepared by the Associates in connection with their undertaking, shall at all times be the property of the Government and shall be available for inspection by, and shall be delivered to, the Government whenever requested by the Project Officer. Access to such data shall be restricted to duly authorized representatives of the Government and to such of your collaborators as are acceptable to the Government.

The Associates shall not divulge such information to any person or persons except as authorized by the Project Officer.

ARTICLE VI. Termination. The Government reserves the right to terminate or extend this Agreement if, for unforeseeable reasons such as the sickness or death of any of the Associates, or for pressing and conflicting requirements of the Government in other matters, the Associates are unable to conclude their undertaking at the time required by the Government.
